

City Stadium MOSiR

The City Stadium comprises not only a grass pitch bounded by a tartan track but also multifunctional sports fields, tennis courts, playground, outdoor gym, an area for boules and mini-golf playing and, in winter season, ice rink with all necessary facilities. The building is adapted to organising sports and recreation events, and mass events. The object comprises:

1. The Stadium:

two full-size grass football pitches (103m x 67m and 101m x 62m);

six-lane tartan athletic track (400m) and a straight track (100m);

throwing area for javelin, the discus, the hammer and the short put; a venue for long jump and triple jump;

dressing rooms;

showers and toilets;

stand's capacity - 2720 seats (plastic chairs).

2. Sports-recreation area:

multifunctional field with a synthetic surface with 2 volleyball courts, one handball court, 3 basketball courts and 3 tennis courts;

during the winter season the tennis court turns into the indoor ice rink (40m x 20m);

an ice rink facilities building with a toilet, dressing room, ice skates hire with a check out and a bar;

playground for younger children;

multifunctional field for team games for younger children (up to 12 years old);

recreational area with outdoor chess tables, an area for boules and mini-golf posts.
